Cong. Walter Judd On 1951 Program

Former Medical Mission-ary and Ardmore Pastor Here July 1st

Hon. Walter H. Judd, Congressman from Minnesota and former medical missionary to the Orient, will return to the Ocean Grove Auditorium pulpit this season for the Sunday morning message on

Dr. Judd has been an outspoken critic, of this nation's policy in China. His past appeals for continued and increased aid to China's government under Chiang Kai Shek went unheeded.

At the July 1 evening service, the Rev. Dr. Allan Maclachan Frew, pastor of the Ardmore, Pa., Presbyterian church, will be the preacher. Dr. Frew has also appeared on the Auditorium platform in past seasons.

The program announcement was made this week by the Rev. Dr. Robert C. Wells, program chairman for the Ocean Grove Associa-

PFC. HERB J. THORPE WINS COMEDIAN CONTEST

News from Schaffenburg, Germany, reports that Pfc. Herbert J. Thorpe, son of Mr. and Mrs. Frank W. Thorpe, of Stokes Hall, Ocean Pathway, won the Aschaffenburg semifinals of the Wurzburg Military Post Amateur Show contest. The grand prize was an eightday expense-free tour of Switzerland. Further word has been received by his parents here that in the finals contest held at the Leighton Lighthouse Special Services Club in Wurzburg on March 15, young Thorpe won third place. In the Aschaffenburg Jaeger House contest Pfc. Thorpe won first place with his comedian act, original script and stage presentation, according to the

ICP&L Revenues Up 91/2% In 1950

Annual Report Shows \$251/2 Million to be Spent in Expansion in Next 3 Years

Jersey Central Power & Light n its 1950 Annual Report just re leased to stockholders, reported total revenues of almost \$26 million-9.5 percent more than was reported in 1949.

"Despite the record earnings, net ncome was only 4.7 percent higher than in 1949," E. H. Werner, president of JCP&L said in his message.

He explained that the relatively small increase in net income was due principally to increase in maintenance and operating expenses. These increases were attributable to higher wages, increased taxes, cost of additional fuel to supply the demand and extroardinary maintenance of approximately \$475,000 caused by the severe wind and rain storm on Nov. 25.

"The federal income tax provision amounted to \$1,681,700 and was 52 percent above the previous year. This increase was due largely to higher tax rates in effect. Total federal, state and local taxes paid or provided for by the comprevious year. The company's total tax bill last year was equivalent to almost \$13,000 a day and equal approximately to 18 cents of each mittee for selecting Mr. Stout. J. revenue dollar," the report disclosed.

ELECTRIC USE UP

Figures quoted in the report by Mr. Werner showed that home use of electricity during 1950 continued upward. The average customer served used 1779 kilowatt hours in 1950 as compared with 1586 the year before. Richard R. Stout, native son of Ocean Grove, and J. Stanley Herpert, incumbent, are opposed in the State Senatorial race on the Republican ballot the coming Tuesday, Primary Election Day. The polls open at 7 a.m. and close at p.m. Nearly all Republican leads in

Monmouth county, along with Con-gressman James C. Auchincloss, are urging the selection of Mr. Stout as the G.O.P. party candidate on the November general election ballot. Mr. Herbert has based his campaign on his past record, which has been termed "nothing to brag about" by the county G.O.P. eaders in nearly all municipalities.

This week Congressman Auchincloss charged that Mr. Herbert has. been a great disappointment to me, not only in the discharge of; his responsibilities, but also because of his general attitude of contempt toward our leadership." In support of Mr. Stout, the congressman continued, "We need men in public office especially today, who have such a high standard of moral ethics that they are above suspicion. There must be an end to special privileges and gifts to men in public office."

Assemblymen Merrill H. Thompon, Speaker of the House and a Neptune businessman, has thrown is wholehearted support for Mr. Stout. Assemblyman Elvin Sim-mill has joined Mr. Thompson in efforts to elect Mr. Stout.

E. Donald Sterner, former senaor and former state highway commissioner, charged during the campaign that not one mile of new state highway has been built in Monmouth county during the term of Mr. Herbert. Mr. Sterner concurred with Mr. Stout on the charge that Mr. Herbert has said much on erosion but has done little.

Of course, Harry Jones who lived in that white house with black shutters on Frisbee Street wasn't really a chameleon. It was that #50 & # oldfashioned furnace that made him act that way. Early on a Winter's morn, or when the wind

was wrong, he'd be a cold, shivery blue. Other times he'd be as red as a fire. And when it came time to take out the ashes, or pay his bills, he'd turn purple.

But now that he's installed dependable, carefree gas home heating, he never changes color. He's always in the pink.

Funny thing though. His neighbors have all turned green (with envy, of course).

Senator Herbert Has Failed! It's Time for a Change

As United Republicans we are wholeheartedly supporting nomination of Richard R. Stout as Republican Candidate for New Jersey Senate from Monmouth County.

We have seen our County suffer from four years of neglect at the hands of the present Senator, J. Stanley Herbert, because he has falled to provide the leadership entrusted to him by the voters four years ago. Now it's time for a change.

As officials of Monmouth County and its municipalities we have seen Senator Herbert neglect our highways, our waterways, remain indifferent to welfare and school projects. The new Route 4 Parkway, as an example, is under construction both to the North and South of our County, yet nothing has been done by our Senator to see that Monmouth County received its just share of the \$50 millions collected annually in New Jersey from highway users.

We resent Senator Herbert's charge that we are We resent Senator Herbert's charge that we are tact-track interests" because we have challenged his record of inac-tion. This is a false issue created by Senator Herbert to cover his failure as our Senator, his preference for working with Sen-ator "Hap" Farley of Atlantic County, and his desire for per-sonal prestige. Moreover, when he told those persons who pre-sented him with a new Cadillac, "I'll never let you down," he sunderwined the confidence of our citizens in his conception of andermined the confidence of our citizens in his conception of

We quote from an editorial in the "PERTH AMBOY EVENING NEWS":

SINS CATCHING UP

Down in Monmouth County where Senator J. Stanley Herbert is being opposed for renomination, the campaign is waxing hot. Herbert is the target of many bitter attacks from members of his own Republican party. But he's only getting what he deserves. Herbert is one of the Republican clique that is responsible for the now infamous caucus rule in the state Senate. He's one of the senators who blocked the reappointment of Spencer Miller as state highway commissioner, and he's one of the so-called "Dead End Kids" who are constantly feuding with Governor Driscoll because he won't play their game of low level politics.

Senator Herebert's sins are catching up with him. Members of his own party are calling him an obstructionist, among other things. It would be better for Monmouth County, the state of New Jersey and the Republican party if Herbert were voted out of office at the coming primary election.

We are supporting Colonel Richard R. Stout for Senator because the people of Monmouth County want a Senator who will stand on his own two feet and represent them!

Dick Stout's outstanding war record convinces all of us be will give Monmouth County the aggressive and constructive leadership so vital to our County's future

As the Republican Party Candidate for Senator he will have the cooperation and support of companies for Assembly and Freeholder.

Neptune high school's track schedule will take quite a beating

First, Toms River, Neptune's oldest track opponent and the school who holds the longest athletic contract with Neptune, has broken their contract. The two teams are scheduled to meet May 5, however, Toms River, in violation of their contract with Neptune, has entered the Newark Board of Education meet. Toms River, when they announced their intention of entering the Newark meet, offered Neptune two alternate dates, April 14 or 25. Neptune had already scheduled a practice meet with Red Bank Catholic on April 25 and, because the Toms River boys would have had at least FOUR WEEKS MORE Francis PRACTICE than the Scarlet Fliers of Neptune, the Toms River Indians would be assured of an easy victory if the teams meet on April 14. One of Neptune's track coaches, HOWARD PETERSON, stated, "We would give away 30 points if we were to play Toms River the 14th." And so it looks as if one of the oldest and keenest track rivalries at the shore will come to an end.

The second change is that the date of the Seton Hall Relays has been changed from Saturday, April 21, to Friday, April 20. Neptune is entered in the mile relay and we were informed that, if enough schools at the shore enter the relay, it would be called the Shore Conference mile relay.

Wall Stadium, the shore's 30-degree and high-banked macadam oval at Belmar, will open this Sunday afternoon with stock car racing, continuing every Sunday afternoon until warmer weather, when a more complete weekly schedule will be offered . . . The striped bass season is underway, but reports of catches along the shore are at a minimum. None have been recorded from the Ocean Grove pier and surf to date Ivan Kamoroff in the feature attraction of the Asbury Park armory wrestling show tomorrow (Saturday) night.

THE TRUTH IN ITS PROPER PLACE

VOTE FOR DECENT, HONEST GOVERNMENT IN TUESDAY'S PRIMARY

Every vote for decent, honest representative government is needed in Tuesday's Primary election. Your vote for Richard R. Stout for State Senator is a vote for just that.

In a desperate last minute effort to influence the vote in Neptune and Ocean Grove, the incumbent State Senator has taken advertising space in this issue of the Times to boast about what he describes as "the things he has done to benefit the people of Ocean Grove and Neptune Township." He makes four claims to distinction. Every claim is absolutely false in so far as their accomplishment was due to his initiation, benevolence or support. In fact they were accomplished largely in spite of him.

The incumbent Senator makes the fatal mistake of identifying the prestige and weight of Neptune and Ocean Grove in Republican counsels as merely the reflection of his own personal prestige and weight. On what does this Caesar feed that he has grown so great. His boasts are so ridiculous and puerile that one wonders how they could be made by a full grown man.

Consider, first, the claim of the incumbent senator to credit for building Ocean Grove's stone jetty. He had as much to do with this as the man in the moon. Township Attorney R. W. Stout, secured the cooperation of Atty. Frank Propert, a member of the Ocean Grove Campmeeting Association, who is a lifetime friend and neighbor of Governor Driscoll in Haddonfield. Together they won the interest and approval of the Governor, and full state, county and township cooperation

Consider, next, the present incumbent's claim to credit for making one of Neptune's outstanding business men, Earl Woolley, a member of the Board of Chosen Freeholders. That should get a laugh from Mr. Woolley and all his friends. Mr. Woolley originally was appointed to fill an unexpired term on the Board of Freeholders by the Freeholders themselves. The position was offered to Neptune Township by the Republican Steering Committee, and received the approval of Republican County Chairman J. Russell Woolley. This was the same steering committee, by the way, which refused overwhelmingly to support the present incumbent State Senator for renomination and gave its support to Richard R. Stout.

The third claim to credit hardly deserves to be mentioned The official representatives of the sportsmen's clubs from every part of the State of New Jersey picked the popular Herman S. Johnson, of Neptune, for membership on the Fish and Game Council. His appointment was recommended to the Governor by the Sportsmen themselves, and the Governor appointed. The incumbent State Senator could have affected this appointment not at all. How could he? Was this not the same State Senator who in the recent gubernatorial campaign introduced the Hague-picked Democratic opponent of Governor Driscoll to many audiences as "My Pal, Elmer." Does such party disloyalty on the part of the incumbent State Senator entitle him to boast of his influence with the Governor?

. The last claim made by the incumbent senator as a reason for local support is, if anything, the most astounding of all. He claims credit for the appointment of Ross R. Beck to be secretary of the Monmouth County Tax Board. The fact is that he actually opposed the appointment, which was made in

spite of his opposition.

The claims of the incumbent State Senator are utterly puerile in view of the principle at stake-honest, decent, representative government. The position of State Senator is not a permanent sinecure to be held indefinitely by any man for his own personal profit. It has always been a proving ground for good men, who, by reason of their quality in working for the good of all people, are advanced to higher position of public

That is the way we want to keep it!

A vote for Richard R. Stout for State Senator is a vote for that kind of government.

-11-General Douglas MacArthur

The terrific emotional impact of the firing of Gen. Douglas Mac Arthur from his Far Eastern Commands by President Truman will be a long time subsiding. Whether this drastic action will result in the solution of the Korean dilemma remains to be seen. To all outward appearances the problem remains unchanged regardless of who holds the top command.

If appeasement is the goal, if peace in our time is the sole aim of the administration, then the final results may be worse confounded. By removing General MacArthur who refused to obey his Commander-in-Chief, the President has maintained the traditional American principle of civilian authority over the military. That far, so good. BUT WHERE DO WE GO FROM HERE?

Now that we have disposed of one of America's great heroes, the leading military authority on our problems in the Far East, what are President Truman and Secretary of State Dean Acheson, who would not desert Alger Hiss, the traitor, going to do about it?

There have been fewer letters from the White House of late.

The acid test of business is not whether it is big or small; the real question is, "Is it honest?

WINCHELL PROTESTS

American taxpayers can find out ny this country is disarmed and what happened to their money. On page, 345 of the National Geo graphic magazine for March, 1951, s a picture of 1,000 abandoned American B-24 bombers on a South Sea isle-enough bombers to hold the Far East. But U.S. bulldozers broke the backs of these planes so they couldn't be used. According to the same article, refrigerators, canned food, and jeeps were thrown into the sea. How about an investigation of that? If mem ory serves correctly, a senator from Missouri - named Truman - was supposed to be probing that sort thing during World War II .-Walter Winchell, New York Mirror.

THE LIFE OF 'STAN" HERBERT

J. STANLEY HERBERT

REGULAR REPUBLICAN CANDIDATE FOR RE-ELECTION

FOR STATE SENATOR

The life of J. Stanley Herbert is a shining illustration of opportunity under our great system of American Government.

Stan Herbert, by hard work, has made his way to the top.

He was born in Neptune Township. He was educated in the Neptune Township Public Schools. He was graduated from the New Jersey Law School, after ding night classes for 3 years, and working during the day time.

He has been a practicing attorney in Asbury Park since 1930.

Senator Herbert is married and the father of four children: Jay S., a World War II Marine Veteran; Dallas K., a music student at the North Texas State College; Lois D., a student at Manasquan High School; Lorel Lynn, a student at Spring Lake Grammar School.

In order to work his way through school, as a young man, Senator Herbert was at one time a newsboy, a farm boy, a baggage smasher, a railroad ticket agent, and later on a parttime policeman and a legal secretary.

After his graduation from Law School, Stan Herbert was named magistrate at Sea Girt, was a Republican County Committeeman for 2 years, and a member of the Borough Council for 3 years.

He was a member of the U. S. Coast Guard Reesrve. He is an exempt Fireman. For the past 17 years he has been President of the Shore Firemen's Bowling League, the largest bowling league of its kind in the world.

In 1937 the Republican Party of Monmouth County recognized Stan Herbert's ability and nominated him for the State Assembly. He was elected by a substantial majority and was re-elected for nine more consecutive terms by large majorities.

Stan Herbert has been high man on the County ticket for the past seven elections.

In recognition of Stan Herbert's outstanding record in the State Assembly, the Republican Party nominated him for State Senator for the first time four years ago. Again he was high man on the ticket!

Stan Herbert's record for fair and progressive legislation has won him continuing allegiance from thousands of loyal supporters in Monmouth County.

The leadership of the legislature has recognized his ability by naming him a member of 14 committees of the State Senate including the all-important Appropriations' Committee, Institutions and Agencies, Banking and Insurances, Agriculture, Aviation, Corporations and Senate Investigation Committees. He is Chairman of the Public Safety Committee and heads the Commerce and Navigation Committee.

During this 14 unbroken year record as a representative of Monmouth County in the State Legislature, Senator Herbert has never missed a single legislative session.

Labor Adopts Grass Roots Program; **Revision of Farm Parity Suggested**

GRASS ROOTS MANIFESTO—Seven hundred small town unionists met in Washington recently, adopted a seven point manifesto, and departed for the Main Streets of America determined to marshal the support of consumer groups, including ladies' clubs, service clubs and farm organizations behind their program.

The home town unionists based their manifesto on the thesis of "equality of sacrifice for all groups." In a statement issued at the close of their meeting the group stated: "We are shocked by the cruel disregard being shown for the interests of everyday American families. We are shocked by the privilege and favoritism bestowed on a single

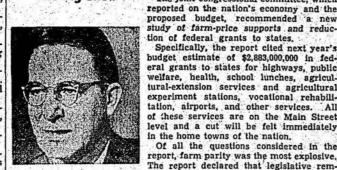

group—big business."

One of the major points of the "grass roots" labor program: "Labor, the farmers, small business and independent consumer groups must be given full representation on all mobilization and stabilization agencies at the policy-making and administrative levels. By so doing, the govern-ment can inspire renewed public confidence and public support of con-trols which otherwise will be hard to take."

MAIN STREET ECONOMY.Although the situation is not too clear at the moment, there seems to be shaping up in congress a battle over the administration's budget that will strike at the Main Street level of the nation before it touches many other gegments.

The joint congressional committee, which

study of farm-price supports and reduc-tion of federal grants to states.

Specifically, the report cited next year's budget estimate of \$2,883,000,000 in fed-

eral grants to states for highways, public welfare, health, school lunches, agricul-

tural-extension services and agricultural

experiment stations, vocational rehabili-tation, airports, and other services. All

of these services are on the Main Street level and a cut will be felt immediately

Of all the questions considered in the

report, farm parity was the most explosive. The report declared that legislative rem-

edies must be sought to correct a condi-tion which now exists by which prices

increasing the cost of living and the cost of defense are geared to the industrial practices which have for many years

cost of living up 1.3 per cent, setting another record. The figure was pegged at 183.8 per cent of the 1935-39 base period. This was 8 per cent higher than the level of June, 1950, before the Korean fighting began, and 9.5 per cent above a year ago. Meanwhile, there were indications that the people in the home towns may be de-

veloping some consumer resistance to high The commerce department reported a 3 per cent decline in retail sales, Department store sales were reported down 4 per cent.

Unofficial reports told of a slackening of consumer buying, possibly because many persons had stocked up heavily last year and possibly because of price climbs.

The ships are only one of the lend-lease problems with Russia. The Soviet still has an over-all \$11 billion unsettled leaseaccount with this nation.

MACARTHUR UNDER FIRE Gen. Douglas MacArthur, who seems to have a knack of making controversial statements, again threw the state department and the United Nations into an uproar when he asserted he stood ready at any time to confer in the field with the commander in brief Easter religious serv- . chief of the Chinese and North Korean forces to end the war and "find any mil-

the political objectives of the United Nations in Korea, to which no nation may justly take exceptions, might be accomplished without further blood-shed." The state department immediately asked the defense department and the White House to curb the general's authority to issue diplomatic overtones. The controversy was taken up in the U.N. and MacArthur was criticized by British and French newspaper.

Strong-willed MacArthur, who does not believe in hiding his genius

under a blanket, had nothing to say about the criticism of his latest statement. If the state department and the United Nations persist in their demands that MacArthur be silenced permanently, it might mean that pipe-smoking Doug will have his wings clipped for the first time

DRAFT CALL CUT-Home town draft boards were notified that their April quotas had been cut in half. The army ordered a quota of 40,000 for the month instead of the previously announced 80,000. Enlistments, running higher than were anticipated, and fewer casualties in Korea than had been feared were given as reasons for the change in the

The army at latest reports was only about 100,000 men short of its present goal of 1,500,000 men. Meanwhile, a congressional spokesman said the army should be able

to halt the draft within 18 months and set up its universal-military-train-

ship at the Nursery and Child's hospital, Staten Island, and in October, 1889, she became a physician and associate deaconess at the Deaconess Home, New York city. While serving in a downtown dispensary operated by the church, she met her future husband, Dr. William James Hall.

She left for Korea alone in 1890, but Dr. William Hall soon followed member of numerous medical soher and they were married in Korea in 1892. Her husband was a British subject and the marriage ended her U.S. citizenship. This was rectified 56 years later when her citizenship rights were restored by Monmouth County Judge J. Edward Knight, formerly of Ocean Grove.

Dr. Rosetta Hall's Korean assignnent was at the Ewha Haktang, where four Korean girls and one Japanese girl were her assistants as interpreters. She began teaching the start of her training school for women doctors.

work among the Koreans came about when she successfully corrected a hair lip on a daughter of a well-to-do family. Korean custom prevented deformed girls or boys from marrying unless their prospective mate was also deformed.

When she and her late husband first went to Korea, they were stoned and held prisoners there. Her husband died many years ago and Dr. Rosetta Hall lived to receive untold honors and became a cieties in the Far East.

She returned to Liberty, N.Y., in 1935 and once again picked up her prescription pads in private practice. She entered the home here in 1943 and was active in writing medical papers and Far East opinions. She was a member of St. Paul's church here, its W.S.C.S and the Ocean Grove auxiliary for Fitkin hospital.

Her son, Dr. Sherwood Hall, who founded the first Tuberculosis hosthem medicine and related subjects, pital in Korea, now heads the T-B hospital in Ajmer, India. Dr. Rosetta Hall is also survived by three

· George Hackney solves such problems all the time! Telephone cable such as he's working on-no larger than a man's wrist—contains up to 2400 tiny wires. The two ends of each must be matched and spliced together. He does it so deftly that the eye can hardly follow the swift movement of his hands. And when he's done, the completed cable can serve up to 1200 telephones at the same time;

days, working on the big construction program we started in 1945; This program furnishes additional telephone facilities to hundreds of busy Defense plants and to our State's many military establishments. New Jersey's civilian requirements have doubled in the past 10 years, and these, too, are being taken care of as rapidly as scarce materials are available.
